## Neighborhood Grant Program

Bernalillo County's uniqueness and quality of life is tied to strong neighborhoods and active residents. Neighborhood associations and other groups play a vital role in enhancing and strengthening their own neighborhoods. The **Neighborhood Outreach Grant Program** was created to assist neighborhood groups to continue their participation and outreach to residents of Bernalillo County.

Bernalillo County Cultural Services encourages collaboration between the county, other government agencies, non-profits and the community. Community building is core to project success. The process of bringing people together and building relationships is as important as project results.

## Who Can Apply?

Recognized neighborhood associations and coalitions within Bernalillo County are eligible to apply for funding.

## Grant Criteria

Projects must:

- Provide a public benefit
- Be free and open to all residents within neighborhood association boundaries
- Demonstrate broad community support
- Emphasize self-help, with project ideas initiated, planned and implemented by the neighbors and community members who will themselves be impacted by the project
- Demonstrate community match (required for large projects only)

Vecinos del Bosque Neighborhood Association  
"Bike Program"  
Awarded \$10,000.00

Los Alamos Neighborhood Association  
"Maintaining Acequias & Water Infrastructure In A Historic Neighborhood of Albuquerque's North Valley"  
Awarded \$5,000.00

## Funding Levels

The Neighborhood Outreach Grant Program is funded through the Bernalillo County general fund. The amount established for the program is \$100,000 or less per fiscal year, depending on available funding.

**Small Project** funding is for projects that benefit the residents of the community and provide a service to those residents. Funding requests are from \$1 to \$3,000.

**Large Project** funding has two levels and is for those projects that are larger in scope that benefit the broader neighborhood and may require technical assistance or professional services. These projects have matching requirements and require a fiscal sponsor. For the highest funding opportunity, projects require collaboration with other organizations. The two levels of funding for large projects are \$3,000 to \$5,000 and \$5,000 to \$10,000.
